Please accept these comments as restated below from
Proponents original petition.

Petitioner respectfully submits that the public interest would be served by allocating Channel 262A to Lake Park, Florida as that community's first local FM service. Lake Park, Florida is an incorporated community with a population of 8,721 people.¹ Lake Park has its own town manager, town clerk, its own elementary school, fire department, police department, post office and a number of local churches. The proposed channel 262A will provide additional diversity and an outlet for local self-expression to Lake Park residents and therefore is in the

public interest.

Should this petition be granted and Channel 262A is allotted to Lake Park, Florida, Petitioner will apply for Channel 262A at Lake Park and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
